**UNAUDITED FOURTH QUARTER AND FULL YEAR FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2015**

---

**1(b)(i) A statement of financial position (for the issuer and group), together with a comparative statement as at the end of the immediately preceding financial year.**

Total assets increased by S\$44.5 million from S\$168.2 million as at 31 December 2014 to S\$212.7 million as at 31 December 2015, mainly due to:

(1) Net increase in current and non-current trade and other receivables of S\$58.9 million which was mainly due to increase of construction contracts and progress billings receivable for on-going projects as the construction work are progressing.

(2) Increase in property, plant and equipment of S\$3.6 million due to purchases of fixed assets amounting to S\$7.1 million, partially offset by depreciation of S\$2.6 million and disposal of certain plants and equipment.

(3) Increase in land lease prepayment of S\$26.4 million which is relating to the 30 years leasehold land for the integrated construction precast hub project.

The increase in total assets was partially offset by the decrease in cash and cash equivalents of S\$44.5 million during the year under review as explained in the Consolidated Statement of Cash Flows.

Total liabilities increased from S\$83.8 million as at 31 December 2014 to S\$121.9 million as at 31 December 2015 which was mainly due to the increase in trade and other payables of S\$38.7 million. The increase in trade and other payables was attributable to the increase in sub-contractors claims and increase in payable for purchases of construction materials during the year under review.

**1(b)(ii) Aggregate amount of group's borrowings and debt securities.**

**Amount repayable in one year or less, or on demand**

Not applicable as there were no borrowings and debt securities as at 31 December 2015 and 31 December 2014.

**Details of any collaterals**

Not applicable as there were no borrowings and debt securities as at 31 December 2015 and 31 December 2014.

Operating Activities

For the fourth quarter ended 31 December 2015 ("4QFY2015"), the net cash used in operating activities amounted to S\$3.8 million as compared to net cash inflow of S\$4.0 million in the comparative quarter. The cash used in operating activities in 4QFY2015 was mainly attributed to the changes in working capital where the trade and other receivables increased by S\$36.3 million, partially offset by increase in trade and other payables by S\$26.0 million in 4QFY2015. The increase in trade and other receivables was mainly due to the increase of construction contracts and the progress billing receivables from on-going projects as the construction work are progressing, while the increase in trade and other payables was due to the increase in sub-contractors claims as well as increase in payables for purchases of construction materials.

For FY2015, the net cash inflow from operating activities amounted to S\$1.5 million as compared to the net cash outflow of S\$11.2 million in the comparative year mainly due to changes in working capital where the trade and other receivables increased by S\$58.9 million, partially offset by increase in trade and other payables by S\$38.7 million in FY2015. The increase in trade and other receivables was mainly due to the increase of construction contracts and the progress billing receivables from on-going projects as the construction work are progressing, while the increase of trade and other payable was due to the increase in sub-contractors claims as well as increase in payables for purchases of construction materials.

Investing Activities

For 4QFY2015, cash outflow from investing activities of S\$4.2 million was mainly attributable to the land lease prepayment of S\$3.1 million and purchases of property, plant and equipment amounting to S\$1.4 million.

For FY2015, the cash outflow from investing activities of S\$32.8 million was mainly attributable to the land lease prepayment of S\$26.6 million and purchases of property, plant and equipment amounting to S\$7.1 million, partially offset by proceeds from disposal of certain plants and equipment of S\$0.8 million.

Financing Activities

There were no cash movement for financing activities in 4QFY2015 and 4QFY2014.

For FY2015, the cash outflow from financing activities was due to payment during the year for FY2014 final and special dividends of S\$10.0 million in total and the FY2015 interim dividend which amounted to S\$3.3 million, respectively.

**8 A review of the performance of the group, to the extent necessary for a reasonable understanding of the group's business. It must include a discussion of the following:-**

- (a) any significant factors that affected the turnover, cost, and earnings of the group for the current financial period reported on, including (where applicable) seasonal or cyclical factors; and
- (b) any material factors that affected the cash flow, working capital, assets or liabilities of the group during the current financial period reported on.

(a) **4QFY2015 vs 4QFY2014**

For 4QFY2015, the Group achieved a net profit of S\$5.6 million compared to net profit of S\$7.8 million reported in the comparative quarter.

Revenue & Gross Profit

For the period under review, the Group's revenue increased by 44.2% from S\$68.0 million in 4QFY2014 to S\$98.0 million in 4QFY2015, while the gross profit decreased by 20.0% from S\$10.1 million in 4QFY2014 to S\$8.1 million in 4QFY2015.

The major revenue contributors in 4QFY2015 were:

- Xin Ming Hua project (industrial development at Tuas Crescent);
- Jalan Lam Huat project (multiple-user industrial development at 60 Jalan Lam Huat);
- Ang Mo Kio HDB project (public housing development at Ang Mo Kio Avenue 3/Street 51);
- Yishun HDB project (public housing development at Yishun Avenue 4/Yishun Ring Road); and
- Pepperl + Fuchs project (global distribution center at Pioneer Turn).

Gross profit margin decreased from 14.8% in 4QFY2014 to 8.2% in 4QFY2015. The lower gross profit margin in 4QFY2015 is mainly due to higher revenue recognised on projects where gross profit margins are relatively lower, in line with the progress of the on-going projects.

Other Income

Other income decreased by S\$0.2 million mainly due to the decrease in interest income from interest-bearing bank deposits, decrease in service income and rental income.

Other Gains/(Losses), net

Other losses of S\$0.2 million in 4QFY2015 were attributable to losses on disposal of property, plant and equipment as well as foreign exchange losses.

Administrative Expenses

Administrative expenses decreased by S\$0.1 million from S\$2.4 million in 4QFY2014 to S\$2.3 million in 4QFY2015 mainly due to the decrease in directors' remuneration as well as other administrative expenses in 4QFY2015.

Finance Expenses

There were no finance expenses in 4QFY2015 and 4QFY2014.

Other Operating Expenses

The increase in other operating expenses in 4QFY2015 was mainly due to amortisation of land lease prepayment.

Share of Profit of Joint Ventures

The Group recognised a gain of S\$0.03 million in the share of profit of its joint ventures in 4QFY2015 as compared to a gain of S\$0.02 million in the comparative period.

**UNAUDITED FOURTH QUARTER AND FULL YEAR FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2015**

---

**Full year ended 31 December 2015 ("FY2015") vs full year ended 31 December 2014 ("FY2014")**

For FY2015, the Group achieved a net profit of S\$18.6 million compared to net profit of S\$20.9 million reported in the comparative year.

**Revenue & Gross Profit**

For the year under review, the Group's revenue increased by 15.1% from S\$285.2 million in FY2014 to S\$328.3 million in FY2015, while the gross profit decreased marginally by 1.8% from S\$31.2 million in FY2014 to S\$30.6 million in FY2015.

In line with the revenue from 4QFY2015, the major revenue contributors in FY2015 were:

- Xin Ming Hua project (industrial development at Tuas Crescent);
- Jalan Lam Huat project (multiple-user industrial development at 60 Jalan Lam Huat);
- Ang Mo Kio HDB project (public housing development at Ang Mo Kio Avenue 3/Street 51);
- Yishun HDB project (public housing development at Yishun Avenue 4/Yishun Ring Road); and
- Pepperl + Fuchs project (global distribution center at Pioneer Turn).

The gross profit margin decreased from 10.9% in FY2014 to 9.3% in FY2015 mainly due to revenue recognised for projects that generated relatively lower profit margins.

**Other Income**

Other income increased by S\$0.1 million mainly due to the increase in service income as well as the receipts of grants under the Productivity Innovation Project scheme, which were partially offset by decrease in rental income and interest income.

**Other Gains/(Losses), net**

Other losses of S\$0.2 million in FY2015 were attributable to losses on disposal of property, plant and equipment as well as foreign exchange losses during the year under review.

**Administrative Expenses**

Administrative expenses increased by S\$1.2 million from S\$8.5 million in FY2014 to S\$9.7 million in FY2015 mainly due to the increase in staff salaries and share-based compensation expenses.

**Finance Expenses**

There were no finance expenses in FY2015 and FY2014.

**Other Operating Expenses**

The increase in other operating expenses in FY2015 was mainly due to the amortisation of land lease prepayment.

**Share of Profit of Joint Ventures**

The Group recognised S\$0.06 million in share of profit of its joint ventures in FY2015 as compared to S\$0.3 million in FY2014. The decrease in the share of profit of joint ventures was mainly due to the completion of the projects undertaken by the joint ventures.

**Income tax expense**

After adjusting for the Group's share of profits of joint ventures, which is reported net of tax, the Group's effective tax rate for the current year is lower than the Singapore statutory corporate tax rate of 17%, due mainly to certain tax incentives.

**9 Where a forecast, or a prospect statement, has been previously disclosed to shareholders, any variance between it and the actual results.**

There is no material deviation in the actual results for the 4QFY2015 from what was previously discussed under paragraph 10 of the announcement of the Company's financial statements for the financial period ended 30 September 2015.

**10 A commentary at the date of announcement of the significant trends and competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months.**

Based on the advance estimates released by the Ministry of Trade and Industry Singapore on 4 January 2016, the Singapore economy grew by 2.0% on a year-on-year basis in the fourth quarter of 2015, compared to 1.8% in the preceding quarter. The construction sector grew by 2.2% on a year-on-year basis in the fourth quarter of 2015, compared to the 1.1% growth recorded in the preceding quarter. The growth in the construction sector was supported mainly by public sector construction activities.

According to the Building & Construction Authority's announcement on 15 January 2016, the total construction demand or the value of construction contracts to be awarded in 2016 is projected to be between S\$27 billion to S\$34 billion, with about 65% of the projected demand to be driven by public sector demand, particularly the expected increase in civil engineering demand. The private sector construction demand is anticipated to slow down in 2016 due to less favourable economic conditions and an increased supply of completed private housing projects and offices.

The Group secured a total of 9 construction contracts and 2 project management contracts in FY2015, with aggregated contract value of approximately S\$195.0 million. These new construction contracts, including 2 civil work projects awarded by the Land & Transport Authority of Singapore ("LTA") and 1 building construction contract in Myanmar, had brought the Group's order book to approximately S\$639.0 million as at 31 December 2015. The Group further secured a construction project in Myanmar subsequent to 31 December 2015, with contract value of approximately S\$13.4 million. The Group will substantially complete the existing order book in the next 24 months.

In FY2016, the Group will strive to secure more construction contracts both locally and in Myanmar market. Accordingly, the Directors are of the view that while the market conditions will remain challenging for FY2016, the Group is cautiously optimistic that it will continue to be profitable in FY2016.
